

DRAFT

ECONOMIC REOPENING TASK FORCE

Recommendations for Governor Sununu

1. The Economic Reopening Task Force strongly encourages the Governor to continue to put forth a strong message around the need for residents and visitors to practice preventative measures such as social distancing, mask use when unable to do so, and getting tested regularly. The Task Force regards this as a critical piece to protecting the efforts of reopening the economy, maintaining jobs, business revenue, and the overall well-being of the economy.
2. In the case of significant increases in infection, hospitalization or mortality rates, the Governor will reconvene the Task Force to develop targeted measures to address the economic impacts and seek to reverse any increase among the population as a whole, as appropriate.
