

I would like to make the following recommendations under Cosmetology this week.

Under business process adaptations

Current Language:

1. Reception areas should be utilized only for the purpose of accepting payment from clients for services rendered. Waiting areas should be closed to avoid congregating, and clients must be brought directly to the work area. Caretakers or parents of small children must remain with clients at all times while receiving services.
2. Clients must be scheduled by appointment only either online or by phone.
4. Clients must receive pre-visit remote consultations within 24 hours prior to their appointment to screen for symptoms of COVID-19, recent travel, or close contact to any person with suspected or confirmed COVID-19 in the prior 14 days. Standard screening questions are outlined above and in the Universal Guidelines.

Proposed changes:

- 1) Open reception area with social distancing, and enhanced sanitization.
- 2) allow walk-ins, but encourage reservations (same as food services)
- 4) add Standard screening questions are outlined above and in the Universal Guidelines via signage like food services.

Repeal outright the following:

6. Clients must wait in their car until the business alerts them to enter. There should not be any waiting lines given scheduled and staggered appointments. Waiting areas should be closed to avoid congregating, and clients must be brought directly to the work area.
8. Services should preferably be paid for electronically before arrival at the establishment. If electronic or card payment is unable to be submitted, clients must come with exact cash payment or check.
15. Businesses should avoid offering marketing materials and business cards for clients to take as needed, but instead refer clients to websites or other digital material.
