7. If serving food and beverages, follow applicable food service guidance. Additionally, food and beverage service should only be served upon entry to the facility before seating ~~and not after seating~~ **or by preordering, with venue staff delivering directly to the patron** in order to minimize people leaving and returning to the theater and coming into close contact with others.

Page 6

8. For performing ~~musicians~~ **groups**, the following applies:

c. When indoors or in enclosed spaces, ~~performer~~ **performing** group sizes are limited to **what is possible to maintain 6 feet* of distance between individuals on stage and in all backstage areas. *This number is increased to 8 feet while singing or playing a wind instrument.** ~~5 people or fewer (excluding other support or media-streaming staff), and performers should be seated or positioned 8-10 feet apart, this is particularly important for performers playing wind instruments or singing.~~

9. If a performance/show is conducted with singing or wind instrument performances, then facilities should pay particular attention to ensuring that building ventilation is increased, air exchanges with outdoor air are maximized, and internal air is not recirculated. ~~Performers should be spaced as far apart as possible (ideally at least 8 to 10 feet apart).~~ Additionally, **seating must be adjusted to allow a minimum of 8 feet between any performer and patron, regardless of whether the performer is singing or playing a wind instrument.** ~~the front rows of the auditorium should be closed off so that more than 25 feet of space is maintained between the performers and the audience.~~ Audience members should be encouraged to wear cloth face coverings or face masks even while seated during the performance.
