3/11/25: allowed permitting senior housing in the Performance Zone, removing the existing restriction that limits workforce housing to sites without frontage on the FE Everett Turnpike and South River Road, removing the restriction that workforce housing in the Performance Zone cannot contain more than 12 units within a building, and reducing the required number of affordable units for workforce and senior housing from 25% to 10% of the total units proposed. The amendment also permits the development of a single "back lot" with a reduced frontage of not less than 50 feet in the Residential & Agricultural Zone, provided the lot is deed restricted as a workforce ownership unit. This brings workforce housing zoning regulations into compliance with New Hampshire State law. The amendment also updates the elderly housing regulations to rename the use "senior housing" and aligns senior housing with workforce housing with regards to permitted density, location, and affordability requirements; allowed for the development of Cottage Court Housing by conditional use permit in the General ResidentialZone, Commercial Zone, Commercial-2 Zone, Office Zone and Performance Zone at a density of 10 units per net developable area, and with a requirement to connect to public water. Cottages are single-family homes, not larger than 1,500 SF and 1 ½ stories tall, arranged around common open space, subject to design criteria and architectural review by the Planning Board; To create a Stream Protection Ordinance for the protection of Bedford's named streams and the establishment of a 50-foot non-disturbance vegetative buffer along either side of Boq Brook. 5/13/25: Amended the Zoning Ordinance to incentivize the creation of new house-scale residential units by easing zoning restrictions on lots in the SR, GR, and RO Districts served by Town water and sewer: a) Add a new overlay district to encourage the development of house-scale residential units by reducing lot size, frontage, setback, building footprint and lot coverage requirements for such new units and allowing up to four dwelling units per lot, but to limit tenancy in these new units to a "family" as defined in Section 302. b)Add the definitions of "flag lot" and "house-scale residential dwelling" to the Definitions Section 302. c) Amend Section 405.4 B., 405.7. B, and 405.8 B to include house-scale residential dwellings as permitted uses, add two-family uses to Single Residence District, and add a footnote to the uses table to connect house-scale residential dwellings with the new overlay district. d)Amend Section 405.8.A, Single Residence District Objective, to better align with additional building types. e) Amend Section 604 to allow house-scale residential dwellings on a lot; Amended Section 1202 to allow Affordable Non-Profit Provided Workforce housing without requiring a Special Exception. b) Amend Section 1204 to apply the more permissive dimensional controls of the House- Scale Residential Overlay district to this type of housing; Amended Section 302 and Section 715 to add subsection 715.8 Campus Wayfinding Signage.

3//11/25: voted for adoption of an Accessory Dwelling Unit (ADU) ordinance. The proposed ordinance would replace the current definition of "Accessory Dwelling Units" as set forth in the 2023 Zoning Ordinance for the Town of Lee. The proposed ordinance allows one attached accessory dwelling unit or one detached accessory dwelling unit. The unit may be between 200 and 1,000 square feet, would be allowed in all zoning districts where single family residential is allowed and would be subject to various standards as described in the proposed ordinance; Added the following to the existing Nonconforming Uses and Buildings/Structures Ordinance: A lawful nonconforming building or structure may be reconstructed in the absence of damage or destruction if a building permit is obtained prior to demolition of the existing structure, the construction of the new building is begun within one year of removal of the original structure, and the reconstruction does not enlarge the overall floor space or height of the building or cause the building or structure to become more nonconforming.

3/11/25: voted to replace Article V: Section 4. Accessory Apartments with the new Article V: Section 4. Accessory Dwelling Units and to replace the term ""Accessory Apartment"" with ""Accessory Dwelling Unit"" in all instances that it appears in the Zoning Ordinance? The proposed amendmentallows detached Accessory Dwelling Units (ADUs) in addition to attached dwelling units and establishes review criteria and permitting procedures for ADUs.

"3/11/25: (1) Amend Paragraph 2, Voluntary Mergers, "There is no fee involved in a voluntary merger and no public hearing is required." to read "There is no public hearing required for a voluntary merger." (2) Amend Paragraph 3, Boundary Line Adjustments, "While there is no fee or public hearing required, the owner(s) must present a surveyor-prepared survey of the lots affected and a mylar copy for recording at the owner's expense." to read "The owner(s) must present a surveyor-prepared survey of the lots affected and a mylar copy for recording at the owner's expense." (3) Amend Paragraph 4, Subdivisions. "The Planning Board does not require a formal written subdivision application but prefers that the landowners or his agent appear in person at a planning board meeting to discuss the owner's plans in an informal manner prior to proceeding further. The Planning Board finds this method far more informative for all concerned. The Planning Board does not charge a fee for subdivisions." to read "The Planning Board encourages owner(s) to meet with the Planning Board to discuss their plans prior to submitting a formal application and fee, but it is not required." (4) Amend Paragraph 4, Subdivisions. ""Public notice of the hearing date must appear in a paper of record and be posted in town."" to read ""Public notice of the hearing date must appear on the town website and be posted in town."" (5) Amend Paragraph 1 to add, "All of these property boundary changes require the submission of the appropriate completed application, supporting documents, and applicable fees." To see if the Town will vote to implement formal written applications for the Plannina Board Procedures on page 40.Land Use Regulations.

3/11/25: added definition of SHORT-TERM RENTAL; amend Article X, Institutional District, 2. Institutional – Recreational to permit field lighting on the Sally Shaw Veitch Track and Field and lighting on the access roads and parking areas at Kelsey Athletic Campus, Colby-Sawyer College, while ensuring compliance with Dark Sky standards and minimizing the impact on surrounding neighborhoods. The proposed amendment includes the addition of necessary definitions to Article III, Definitions, of the Zoning Ordinance. Additional changes include, but are not limited to, establishing usage limits, a 9 PM cutoff for athletic events with exceptions for delays, non-athletic events may use lighting for up to 20 permitted events per year, establishment of noise limits to reduce disturbances to nearby neighborhoods and outlines enforcement procedures to ensure compliance; rezoned two lots from R-1 to Commercial.

3/11/25: Amended definition of Lot Envelope; clarify the septic does not have to wholly be in the 30,000' area of the building lot envelope; Amend Article II E.2 (b)(1) 1, 2, and 3 Clarifying this section as Residential use was removed via a prior warrant article so the term "house" vs "structure" (structure does have a definition in our ZO) was ambiguous. Similar to the prior section, removing the 200 x 200 verbiage also makes sense. Removing the back lot verbiage as the section that controls back lots (Article JV T) appears to make these only applicable to the Res/Ag district; amended several setbacks; added Steep Slope overlay district.

3/11/25: amended the preamble; created specific definitions of Residential, Commercial and Industrial uses and zoning districts within the ordinance where none existed. It also incorporates recent changes enacted by the NH legislature (i.e. Abutter, Family Day Care Home, Family Group Day Care Home, etc.); expands and clarifies the definition of Dwellings, Family, Accessory Use or Structure, Exterior Storage and Change of Use; voted for additions to Article III's general provisions are to add customary language found in many New Hampshire zoning ordinances particularly linking the Ordinance to the Town's Master Plan; (i) clarified the objectives of the ordinance in establishing the various Districts in the Ordinance, (ii) clarified where Child Day Care Agency and Adult Day Care Program or Services uses are permitted and (iii) removed duplicate language currently existing in the sign ordinance; revised Home Operation section as follows: a Home Office is provided by right in any Residential District without the need for any further Town action and/or permit; a Home Occupation is permitted by right in any Residential District subject to a permit (which does not require a building inspection) to be renewed every three years; a Home Business and Home Day care are permitted within any Residential District subject to a Conditional Use permit to be issued by the Planning Board. The amendment also permits Homestead Food operations; changes to Article V of the Zoning ordinance reflect minor general housekeeping and the proposed changes to the uses permitted in the district tables to conform to the text in proposed Z-25-5 which amends Article X. Home Occupancy and establishes Home Office and Home

3/11/25: amended Zoning Ordinance Article VIII-Aquifer Protection District by revising the existing language and inserting new language. The intent of the proposed revisions is to increase protection of public and private drinking water sources through expanding groundwater protections to all public water systems in South Hampton, providing clearer justifications and definitions for terms related to groundwater protection, adding performance measures and design requirements to reduce risk to groundwater resources, and providing clearer administrative procedures.

"3/11/25: amended Article XI Impact Fee, Section B Definitions, of the Webster Zoning Ordinance to be as follows; The PlanningBoard proposes amending the Impact Fee Ordinance to reflect that structures destroyed by fire or natural disaster must be rebuilt within three years in order to avoid the imposition of impact fees. New development shall not include the replacement of an existing mobile home, or the reconstruction of a structure that has been destroyed by fire or natural disaster where there is no change in its size, density or type of use, and where there is no net increase in demand on the public capital facilities of the Town of Webster. "Provided that such reconstruction happens within three years of the structure's destruction. The Planning Board may extend the three-year time frame if there are extenuating circumstances.""
