## **RE: Transfer of Coffin Pond Parcel**

Dear Ms. Lange and Ms. Shank,

New Hampshire Fish and Game (NHFG) is providing this summary regarding the potential transfer of the Coffin Pond property, located in Sugar Hill, NH, to the town of Sugar Hill.

In mid-March 2026 a New Hampshire Dam Bureau identified the Coffin Pond Dam as being “in active failure”. On March 19<sup>th</sup>, 2026, the Bureau initiated emergency removal of the Coffin Pond Dam to minimize the risk of a release of water and sediment into the Gale River. Shortly after removing the dam, the Town of Sugar Hill approached NHFG to express interest in acquiring the property.

Following internal review, the NHFG determined it would not rebuild the dam and would move forward with the potential transfer. The parcel includes all land deeded to the State of New Hampshire from Curran -approximately 5.6-acre (from tax map) encompassing the former Coffin Pond Dam site, the town-maintained park and cartop boat launch, and the Coffin Pond inlet structure.

It is the NHFG’s understanding that, if the transfer is approved, the Town of Sugar Hill intends to rebuild the Coffin Pond Dam and continue to allow public access to the site. It is important to note that the subject parcel currently has no legal access to the former dam location for construction or maintenance. If the parcel were to remain under NHFG ownership, it would be kept in its current condition, with no plans to rebuild a dam due to the negative water-quality impacts an impoundment has on the Gale River.

Our Environmental Review Coordinator, Michael Dionne, will serve as NHFG's point of contact for this project. He can be reached at [michael.a.dionne@wildlife.nh.gov](mailto:michael.a.dionne@wildlife.nh.gov) or 603-271-1136. Feel free to contact Michael with any questions or concerns.

Respectfully,

Stephanie L. Simek, PhD  
Executive Director  
NH Fish & Game Department

# Town of Sugar Hill

June 18, 2026

Michael Dionne, Environmental Review Coordinator  
NH Fish & Game Department  
11 Hazen Drive  
Concord, NH 03301-6500

Dear Michael:

The Town of Sugar Hill is looking forward to proceeding with the transfer of the property deeded to the State of New Hampshire from Curran (approx. 5.6 acres) which encompasses the former Coffin Pond Dam site, the Town maintained park and cartop boat launch and the Coffin Pond inlet structure.

We understand that the CORD meeting is August 6<sup>th</sup> and that there is a June 22<sup>nd</sup> due date for agenda items. We are assuming that you will be taking care of the application. Select Board Chair Chris Ellms will plan on attending the August 6<sup>th</sup> meeting.

The town is currently in the process of finding an appraiser for the parcel.

If there is something that the town needs to do at this point, please advise.

Sincerely,

Jennifer Gaudette  
Town Administrator

E-Mail: selectmen@sugarhillnh.org

**Location of Property:** NH State RT 18 and Streeter Pond RD, Sugar Hill NH

**Acreage:** 5.6 (per tax map)

**Requested Action:** Fair market value sale of property to Town of Sugar Hill

**Term of Lease or Easement:** NA

.....

Please complete ALL questions below and submit one digital copy via email and one hardcopy with original signatures, of the completed application to:  
NH Bureau of Economic Affairs  
Attn: NH Office of Planning & Development  
100 North Main St, Suite #100,  
Concord, NH 03301  
Attn: Brendan McDowell, Principal Planner [brendan.m.mcdowell@livefree.nh.gov](mailto:brendan.m.mcdowell@livefree.nh.gov)

**1. What is the current use of this property?**

Recreational use, former site of Coffin Pond (dam removed)

**2. What is the proposed use of this property if surplused?** Please note if proposed use is intended to create a public benefit.

Recreational use, Sugar Hill proposes reconstruction of dam

**3. Does the proposed use of this property entail new development?**  Yes  No

a. If yes, is it consistent with adjacent and existing development?  Yes  No

b. Please describe how the proposed new development differs from or is similar to its surroundings. Also indicate how it may initiate a future change in the use of the property or its surroundings.

Proposed dam reconstruction and use of property consistent with historic use

**4. Are there any structures located on this property?**  Yes  No

a. If yes, please describe the structures including how many and what kind?

Parking area with car top boat launch, pond inlet structure and channel

**5. Are there historical architectural or archaeological resources identified on this site?**

Yes  No

a. If yes, describe the resource(s)?

NA

b. If no, contact the NH Division of Historical Resources prior to application submission.

6. Is there any existing development or structures on adjacent sites?  Yes  No

a. If yes, describe the use and number of structures of adjacent sites.  
If no, where is the nearest development? (Describe distance, use, and number)

One residential home to the northwest and approximately five homes to the east

7. Does the site represent the entire state property in this location?  Yes  No

a. If no, please describe its relationship to the entire state holding (percentage of total acreage, percentage of overall rail length, etc).

NA

8. Is access to this property available?  Yes  No

a. If yes, how is the site accessed? (from rail, water, across applicant's property, etc)

Access from Sugar Hill maintained parking area on RT 18, no access to former dam site

b. If yes, is there a potential for public access interruption?  Yes  No

9. Are there water resources related to this property, such as:  
Lakes/Ponds -  Yes  No OR Rivers -  Yes  No OR Wetlands -  Yes  No?

a. If yes, please indicate the size or extent of such resources.

Formerly Coffin Pond, now drained due to dam removal and adjacent to Gale River

b. If yes, briefly describe how the requirements of RSA 483-B (Shoreland Water Quality Protection Act) apply to potential development of this property:

Plan is to reconstruct dam recreating Coffin Pond

c. If yes, briefly describe how any municipal zoning requirements for buffers or setbacks from lakes, rivers or wetlands apply to potential development of this property:

NA

d. Is the property within 250 feet of a lake/pond or river/stream?  Yes  No

e. If lakes or rivers are related to this property, describe current public or private access from the site to the water body?  Public  Private  No Access Available

Description: There is existing public access to the Gale River/former Coffin Pond

f. How would the proposal affect the access opportunities described in e?

Access opportunities will remain unchanged

10. Please identify any other significant resources or sensitive environmental conditions known to be located on or adjacent to this property.

	Yes (property)	Yes (adjacent property)	No
a. Steep slopes .....	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Wetlands (Prime and NWI) .....	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Threatened or endangered species .....	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d. Wildlife Action Plan Critical Habitats .....	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- e. Increased impervious surface .....  .....  .....
- f. Potential stormwater flow changes.....  .....  .....
- g. Agricultural soils of prime, statewide, or local importance .....  .....  .....
- h. Potential river channel change .....  .....  .....
- i. Other special designations .....  .....  .....

Please provide a description for any "yes" responses to question #10.

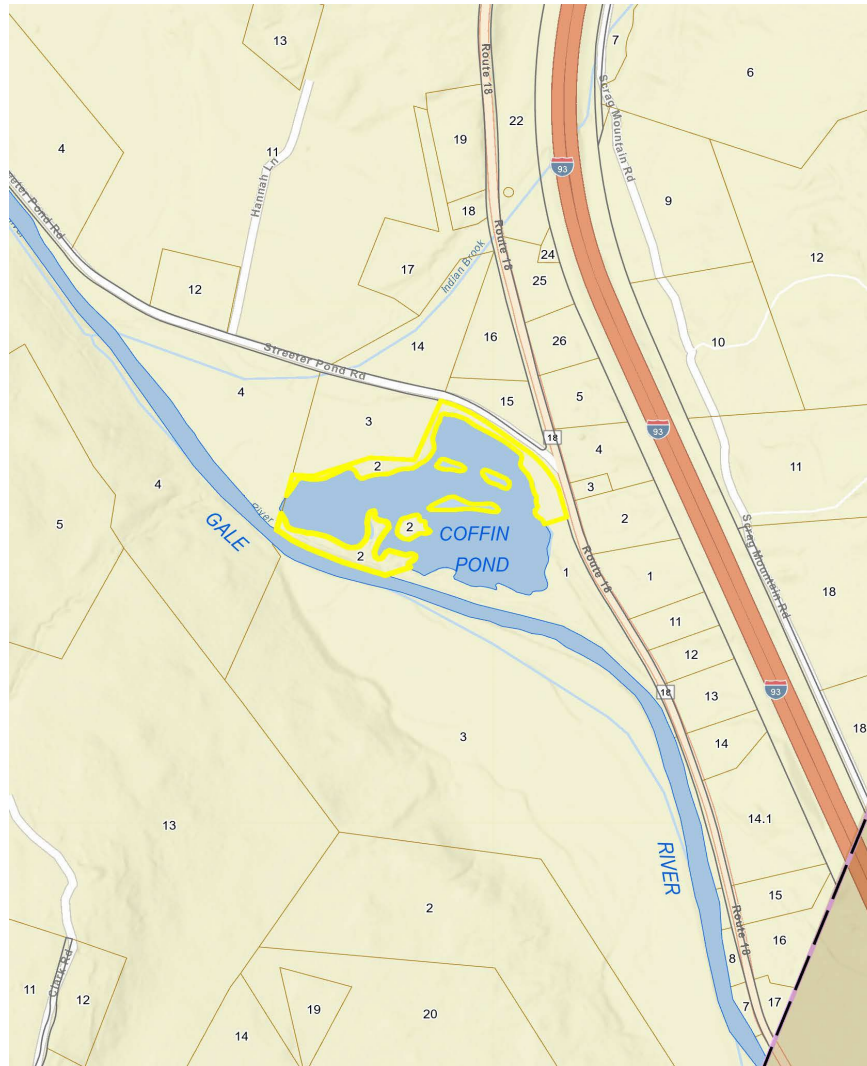

Some of the slopes adjacent to the Gale River are steep. Property contains highest ranked habitat according to NH WAP. Occurrences of wood turtle and common loon nearby.

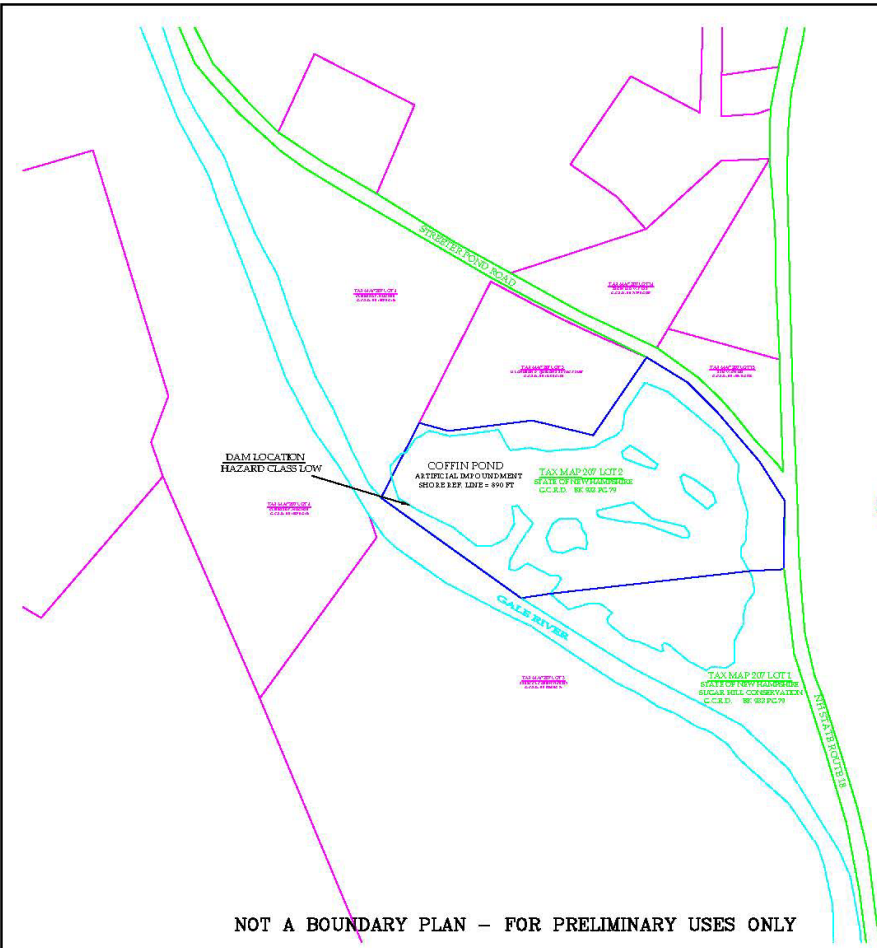

**11. Attach photographs and maps of the property. Maps should highlight the requested property location and help to adequately place the property within the town.**

- a. Municipal tax map copy showing all abutters
- b. General location map with scale, north arrow, nearby roads, and water bodies/features\*
- c. Aerial Photograph\*
- d. Any site plans for new or proposed development prepared at the time of application
- e. Maps depicting rail lines, wetlands, conservation lands, rare species and exemplary natural communities, or topographic features are welcome but not required

\* Maps can be created with GIS, Google, Mapquest, GRANIT data mapper, or any other readily available mapping service.

Please paste any maps and photographs submitted as part of this application here.
