HB 1129 – relative to notice requirements for certain municipal public hearings

Chaptered Law 8

This bill amends RSA 675:7, I and allows a community to post notice of a hearing on a proposed zoning ordinance or amendment on the municipality's internet website in lieu of publishing it in a newspaper of general circulation. (In addition to zoning ordinances, this also applies to amendments to historic district ordinances and regulations, building codes, master plans, and subdivision and site plan regulations.) The notice or a link to it must appear prominently on the home page, and it must remain posted on the website until the hearing. Notice must still be posted in two other public places.

Effective Date: September 8, 2020
